A nomad fashion's a home thats meant to be built and rebuilt. A family tears down an old house and erects a new one in its place. Even the Eiffel Tower wasnt meant to be anything more than temporary. As humans, we dont always build things to endure the test of time. Built to Last brings together the award-winning author and artist David Macaulays creative, exacting thinking about buildings and designs that were crafted with a strength of structure and purpose that defy the everyday: Castle, Cathedral, and Mosque. This gorgeous volume includes newly researched information about each building and how it was built. And, for the first time ever, the Caldecott Honorwinning Castle and Cathedral appear in full colorwith stunning new drawings that enrich the readers understanding of these structures, and capture intriguing new perspectives and details. Just as the buildings themselves were created to last, our interest in the structures themselves, the people who created them, and the purposes for which they were made endures as well. This impeccably researched volumea necessary addition to the bookshelf of anyone interested in architecturecelebrates this spirit of endurance and serves as a reminder that building well and leaving something of consequence behind, whether a building, a design, or an idea, is still of the utmost importance.Author: Macaulay, David Publisher: HMH Books Illustration: N Language: ENG Title: Built to Last Pages: 00272 (Encrypted EPUB) On Sale: 2010-10-25 SKU-13/ISBN: 9780547342405 Age: 10-UP Reading Level: 05-UP Category: Juvenile Nonfiction : Architecture Category: Juvenile Fiction : Historical - General
