

Mp3 Another Cynthia - Pop: Pop

[DOWNLOAD HERE](#)

Another Cynthia creates intuitive arrangements featuring heavy dance rhythms, memorable melodies, rich harmony based vocals and soaring choruses with synth-pop overtones. 10 MP3 Songs POP: Pop, ROCK: Boogie Rock Details: Another Cynthia has been recording and performing for five years. Not only do they have a strong following throughout the northwest, they have established themselves as a sought after supporting act for major label touring bands. Their songs have been featured at the MTV Video Music Awards as well as on several television stations including MTV, VH1 and independent films. Drawing on the sounds of pop music from the last four decades, Another Cynthia presents something different neatly disguised as something familiar. A musical laboratory of chimey guitars, danceable drum beats, synth sounds, pianos, and fuzzy bass tones frame their earnest lyrics and melodies. Even after minimal exposure to their music, listeners can hear that Another Cynthia is leading the way into a new era.
