We had music coming in the house, playing throughout the whole house and busting out through the chimney! As far back as I can remember, Mom and Dad played music. It was the rhythm of our house. You see, my parents were musicians - so, it was in our makeup. It is our life breath. Needless to say, I, too, am proud to say I am a musician. It is a wonderful thing to have a career that brings you pleasure to do and also gives pleasure to others!" DAVE HOLDEN,MR. MUSIC MAN, plays all types of keyboards from the Hammond B3 organ, synthesizers and other electric instruments and, the grand piano. His style ranges from swinging jazz songs to funky R&B. He has been compared to a "now" Nat King Cole with a "matinee idol" attractiveness and demeanor and can also funk it up to a James Brown style. (He has worked with both entertainers) DAVE has worked all types of rooms and can perform to a "listening" audience wanting to hear grand piano, to an audience wanting to dance to his "one-man show" where he plays all kinds of keyboards. Dave was one of the original keyboard players to set up a rack of keyboards so he could stand to play and sing to his audiences. His repertoire of "oldies" to "newies" displays his uniqueness in being able to have a following of people from 10 to 70 years old. As a composer, songwriter and arranger, his original songs reflect his extensive background of jazz, blues, pop and funk. Some well known personalities that have come to hear MR MUSIC MAN perform are: the King of Sweden, Mohammad Ali, Steve Allen, Henry Mancini, James Brown, Sam Cook, O.C.
