Bass players are cool again. John Montagna brings the bass to the front (where it belongs), and makes captivating music that deserves your full attention. 5 MP3 Songs POP: Pop/Rock, ROCK: Instrumental Rock Show all album songs: Senza Songs Details: With his charming stage presence and natural gift for bold, melodic bass lines, John Montagna is one of New York City's most sought-after bass guitarists and vocalists. But when he's not providing some lucky Big Apple-based artist with a world-class pocket, he's busy writing, performing and recording his own genre-defying music that serves as the ideal context for his fiery bass playing. On John's latest CD, "Senza," his bass guitar is the glue that holds a diverse collection of musical elements together. Playing and singing all of the parts himself, John treats the listener to angelic vocal harmonies, tasty acoustic and electric guitars, and a mix of electronic and live drums. The results demand your full attention; this is pop music for people who remember what it's like to listen to an entire album side from beginning to end.
