Refreshingly unique, the music, consisting of string quartet, guitar, and up to four vocals, is intelligent, provocative, and at the same time, highly accessible. 10 MP3 Songs CLASSICAL: Contemporary, CLASSICAL: New Age Details: "It has been a long time since I've heard music that touches my heart as that engraved on [L.Warde's] recent CD. His sounds, his ideas of what should be done with them, his poetry selection, even his lovely booklet notes warmed my very being. I have no favorites...I loved them all!" Frank Pooler, Conductor "As to style and accessibility of the music, I really do think that it is impossible to categorize because of the vast variety of influences. There's a tendency to classify it as classical, but the music defies that. The fusion of influences, of pacing, of female/male voices, of layers, etc all tends to make the listener focus on the composition itself, as an art piece, rather than on the music as style."
