Fast and furious PUNK ROCK that will lay you flat out. 14 MP3 Songs ROCK: Punk, ROCK: Hard Rock  
Details: This record was never anticipated. It hasn't been listened to by that many people. And if you hear it on the sidewalk you're a lucky person. It's an amalgamation of what Mary says doesn't suck and what Brody says is incendiary. Get what you will from that. Maybe you should just go listen to it. It's music for entropy.
