Soaring clarion melodies with an anthem like sound. Pop indie-rock music done with skill and integrity. - Bao Le-Huu, Orlando City Beat 12 MP3 Songs POP: Today's Top 40, ROCK: Modern Rock Details: \*This band has a remarkable gift for soaring clarion melodies. An almost anthem-like sound dressed up in pop rock music done with skill\* \* Bao Le-Huu, Orlando City Beat RENATA: Kurtis Henneberry; Vocals, Piano, and Guitars. Micheal Nadeau; Electric and Acoustic Guitars. John Oleary; Drums. Leif Christensen; Bass. Anton Yurack; Harmonica, Vocals and Guitars. \*The one thing I enjoy more than a great verse is an even better chorus. I love a four minute song that makes you want to sing it back for twenty.\* - Kurtis Hailing from Enfield, Connecticut, RENATA is a story of five best friends who met in high school and began on a journey the way they imagined it. \*The ultimate goal of this journey has always been to write great songs," says singer Kurtis. \*We love pop music, but even more, we love the challenge of creating our own sound of integrity. A sound where honesty connects the interlude to that third gigantic chorus. A song with hooks, that aren't just surrounded by intros, and bridges, but by good days and bad days.\* RENATA has been awarded "Best Original Rock Band" in the Hartford Advocate's 2001 Readers Poll and appeared on CBS for winning the "Best Pop Rock Band," and "Best Male Vocalist" in the Hartford Advocate's 2002 Reader's Poll. In 2003 they were also awarded \*Best Pop Rock Band,\* and \*Best Male Vocalist\* . Connecticut's two largest commercial radio stations, 96.5 TIC-FM and Kiss 95.7 FM have showed them much support. They have made several appearances on the "Gary Craig Morning Show," as well as giving their music daytime rotation. "Their music has an emotion that is indescribable", says Gary Craig. The stations have put them on numerous large scale events including Avril Lavigne, Ashlee Simpson, and Sky Sweetman. The band has also been on the road with Dana Glover, The Stills, Gary Jules, Pat McGee Band, and many other national recording artists. WMRQ is also a huge fan of the music, "If you

like the CD then wait till you check these guys out live!" says radio 104's Cousin Chris, who has included r  
e n a t a in over 7 radio station sponsored events and shows. "We are perfectionists," says Mike. "We are  
never completely satisfied, and when we are, it doesn't last for long."
