

Mp3 Tommy Mandel - Themes For Dreams

[DOWNLOAD HERE](#)

Orchestral Synth Rock? R&B Based Pop Songs without vocals? Cool Modern Music? Yeah. 18 MP3 Songs URBAN/R&B: R&B Pop Crossover, JAZZ: Smooth Jazz Details: These pieces reflect the excitement hope and energy that existed at the end of the last century. Sequenced in '95-'97, as best as I can remember, on LinnSequencer, circa 1986; Mastered to Sony DTC-1000ES DAT tape; edited and sequenced in Digidesign SoundDesignerII on various Macintosh computers. The grooves are R&B by a white techno guy, who grew up playing piano and Hammond B-3 organ in rock bands, some famous bands, some not famous but more adventurous musically. Tommy Mandel's bio appears at tommymandel.com/famous.html/bio.html
