Do you wish that you knew the secrets of piano mastery so that you could impress your friends and family members? Would you like to learn a hobby that can be very relaxing and rewarding? You may think it is impossible to learn to play the piano; but it is not. You too; however, can easily learn piano mastery in order to reach your goals. Without the right tools and information, it could take you years and cost you a small fortune to discover the secrets of successful piano mastery; however. Instead of spending a fortune on so-called experts or knocking yourself out with the old trial and error method, there is an easier way to achieve your goals. Now theres good news .... I wont deny that there are a ton of books out there on the elements of piano mastery. Unfortunately the problem with most books on the subject is that they are either filled with plenty of promises and no solid techniques and strategies to back up those promises or they contain only one or two pieces of useful information and not a comprehensive look at everything you need to know to succeed. Introducing Piano Mastery Talks with Master Pianists and Teachers. Piano Mastery breaks the mold of all the other books you have heard and read about. It presents solid, proven steps to help you learn how to master the piano. Sounds too good to be true? Its not and I can prove it

with Piano Mastery. But, first a word of introduction. My name is \_\_\_\_\_. A few years ago I found myself in a situation not too different from your own. I desperately wanted to learn how to master the piano. Unfortunately, my results were dismal. I knew I had to do something if I wanted to achieve all of the music goals I had set. The only problem was that I had no clue where to start. None of the books I had read on piano mastery had been able to solve my problem. Some of them were so mired down in fancy words and technicalities that it was a miracle I ever got past the first chapter! Others might have passed on a helpful hint or two, but did not solve my problems. One night I realized what I really needed was a comprehensive guide on everything to do with piano mastery. That's when it hit me! If I couldn't find a comprehensive guide on piano mastery, then why not create my own? I was tired of flipping back and forth through tons of books for the few bits of information that could help me; but I reasoned that if I put all those little tidbits of info together then I might actually be able to begin understanding the secrets to piano mastery correctly. The next morning I furiously began to read through all of the piano mastery books that I had purchased over the past three years and take down the pertinent notes. I didn't stop there either. I swallowed my pride and enlisted the help of several professional acquaintances who were known for their love of the piano. It took awhile to sort through all of the information I had gathered and compile the notes I received from the experts I consulted, but when I was finished I sat back and was completely stunned. Right here in front of me was the information that I had been seeking all along! From the notes I had taken from several articles on the subject of piano mastery, as well as my own interviews, I had comprised a comprehensive compendium on the subject of piano mastery. I sat back in stunned amazement! It was all there! Mastering piano problems Form Technique Expression Essentials of Piano Playing Hand Position Finger Action Artistic Touch Then I decided to try an experiment and put all of my hard work to the test. Suddenly, I was excited! I absolutely could not believe the difference. Suddenly it was all so clear! I could easily understand everything without having to wade through a mountain of fancy words and difficult to understand terms. What happened next was nothing short of amazing! These strategies not only worked, but the results were completely astonishing. I was completely able to understand all of the great works that had previously seemed so confusing. As my success with piano mastery grew, I started to feel guilty. I knew there were a lot more people out there who wanted the same solutions I had found. Somehow, it just didn't seem right to keep it to myself. One night as I made some changes to my book, I wondered how many other people might have the same problem? After all, if I

couldnt find a decent piano mastery manual, what were the chances anyone else could? Given the tremendous success I had encountered using my manual; I was sure that other people could take the same easy to read and understands strategies and achieve success as well. Right now youre probably thinking, Yeah, right. Theres a ton of piano mastery books out there. What makes you and your book so different? I wont deny for a minute that there are some good piano mastery books out there-after all Ive read most of them, if not all of them. The difference, however; is that my book blows all the others out of the water because it doesnt just focus on one area of the game. You get everything you need to understand Piano Mastery. Nothing, absolutely nothing, is left out.
