Wordy/Dreamy/[lightbending]/not without Ear-candy/songssongssongs 12 MP3 Songs FOLK: Modern Folk, ROCK: Folk Rock Details: ART OF FLYING is music(s) woven around the songs of David Anne Costanza. Formerly of So-Cal area 80's noise-improv-second-wave-ska-party band THE WHITEFRONTS more recently the New Mexico-based eldritch-folk LORDS OF HOWLING. Since 1997 they have recorded released 5 CD's on DISCOBOLUS rechords one 10" vinyl record on San Francisco's COCHON records. They record at their own studio, the BARN (see Tape-Op #5, or thereabouts) in Questa, NM. The core of the band includes David on guitar, piano singering; Anne on Bass singering; Peter Halter on drums guitarist, singer, world-lover Larry Yes. Recent comparisons have included, Ida, Freakwater, Neutral Milk Hotel, Giant Sand, Holy Modal Rounders, Incredible String Band Guided by Voices. It might be just as instructive to imagine the kind of musicks that would emanate from the collision of W.B. Yeats, C.P. Cavafy, James Merrill Emily Dickinson locked up in a cottage full of guitars, delay-pedals, old tape decks, kids running around the odd trumpet or tuba. Could happen. PeaceD
