Details: Bill Thompson (born New York, New York) is a Florida based composer, musician, and recording artist creating music in many genres including Rock, Pop, Country, Nu Jazz, and Electronica. Bill moves between the more traditional instruments of guitar, bass, keyboards, and drums to new musical tools such as sequencers, groove boxes, digital instruments etc. and this variability allows him to compose music in a unique style. Growing up in Florida, Bill was exposed to a wide variety of music from around the world on a daily basis and attempts to incorporate many different styles and flavors into his music.
