That new release by Trombon player Cesar Chino Prez has depth of musicality and raises salsa closer to art than formula. His deep masculine voice, striking when first heard, is as much comforting as authoritative. 9 MP3 Songs in this album (47:16) ! Related styles: LATIN: Salsa, LATIN: Mambo People who are interested in Tito Puente Eddie Palmieri should consider this download. Details: Dear friends, here is my second album as band Leader. It was not an easy task, but we have pulled it through again!! Once more, exciting moments were all around. One of them, maybe the most passionate one, was the boldness to take part in the vocal section, where I debut as a singer in this genre. The difficult task in this area was not only the challenge of singing in tune and with the groove, as well as improvising coherently, but also externalizing feelings through a Bolero Medley. In spite of the fact that I had a lot of fun, I admit and point out that this is something really complex, what a task!!! I hope you all like my efforts. Something equally exciting was to have made most of this album in New York, Birthplace of Salsa. I always received comprehensive receptivity and collaboration from my New York colleagues, specially from my fellow countrymen Robert and Luisito Quintero, being the latter the fundamental part to organize The NY Cast that takes part in this production. I also want to thank The Magician Guido Daz, Ricky Gonzalez, Lus Bonilla, Klaus Genuit and the rest of the colleagues who have collaborated in this production. Thanks a lot!! Cesar Chino Prez *****
Apreciados amigos, aqua la segunda entrega de mi produccion discogrifica como lder de Orquesta. La tarea no fue fcil, pero una vez ms salimos adelante!!. Nuevamente los momentos excitantes estaban por doquier. Uno de ellos, quizs el ms apasionante, fue la osada de tomar parte en la seccion vocal, donde hago mi debut como cantante de este genero; La difcil tarea en sta rea no fue solo el enfrentarme a cantar en clave, entonar las melodas y

hacer improvisaciones coherentes, sino exteriorizar sentimientos en un bolero medley, me divert muchísimo, sin embargo no dejo de reconocer y destacar que es algo bien complejo, vaya que tarea!!! Espero que mis esfuerzos sean del agrado de todos ustedes. Igualmente excitante fue el haber hecho la mayor parte de este trabajo en la ciudad de New York, Cuna de la salsa. La receptividad y colaboración de parte de los colegas del patio hacia mi persona fue siempre muy amplia, especialmente la de los paisanos Robert y Luisito Quintero, siendo este último la pieza fundamental para organizar El Elenco N.Y que participa en esta producción. Vayan también mis palabras de agradecimiento a El Mago Guido Daz, a Ricky González, a Lus Bonilla, a Klaus Genuit y al resto de los colegas que hicieron su aporte en esta producción. Mil gracias!!
