DoublePlay is: Curtis Brooks III Alto Soprano Sax Norman Childress Jr Keyboards/Synths Norman and Curtis were born and raised in Flint, Michigan. They've been friends since early childhood, back when they lived "down the street" from each other on E Baltimore Blvd. When they were both very young, they each demonstrated an inclination towards music. Curtis started playing Alto Sax in the third grade. Although, rumor has it that Curtis claims to have "fallen in love with the sound of the saxophone" much earlier in life. He later included Baritone and Soprano in his saxophone world- but of course the Alto remains his favorite. Norman also started playing a musical instrument around the same time. His first instrument was the trombone(which earned him the nickname "slide-horn"). Later on, he added the guitar and then keyboards (his favorite) to his musical interests. Now, Norman's hands seem always ready to play the perfect musical chord. Norman and Curtis have always enjoyed playing music together at various functions throughout the years. (many wedding receptions come to mind) The same is true concerning their first CD entitled : "Just Listen".They really enjoyed creating their music during this two year project. Hopefully, it will be the first of many more to come.
