

## Mp3 Gait - Rock: Modern Rock

[DOWNLOAD HERE](#)

From ass-shaking funk to heavy rockers to huge, soaring epics... 11 MP3 Songs ROCK: Modern Rock, ROCK: Progressive Rock Details: Founded just off the Ohio State campus in 1996, these guys have created a sound that is familiar, yet very distinctive. From ass-shaking funk to heavy rockers to huge soaring epics, this is truly a band to savor, with no bitter aftertaste. Gait's sound consists of two voices, two guitars, one big bad bass and a whole lotta drums. Bob White's hard edged vocals mesh with Jason Campbell's smooth delivery, while Jeremy Russell's flailing drums intertwine with Scott Kidd's HUGE bass sound. This music takes you to the mountain top, shows you the view, then pushes you right off. The music cushions the fall with a burst of energy only guitar, bass and drums can propel. This is the way rock should be.
