In this new work, "ANGELS", loudly evident is HUBERT TEMBA's rock and roll guitar playing skills and abilities which heavily rest on amazing and beyond the stretch of imagination. His playing which has tremendous passion and intensity is full of true soul and true feeling. HUBERT TEMBA's guitar riffs range from sheer polyrhythms to classic chops which only the greatest guitarists of all time can deliver. Whether it is Carlos Santana, Jimi Hendrix or Eric Clapton, HUBERT proves that he belongs to the elite group of these maestros. This album, "Angels", is HUBERT TEMBA's latest work of music -- a 9-song music CD which may end up being the one that

crosses over to everyone heart and household. HUBERT TEMBA has produced 6 other music CDs before this one. While putting the final touches to this "Angels" CD, HUBERT TEMBA was heard saying: "I just have that feeling inside me that I now have songs that the world has been waiting for, like the tunes: 'Angels' and 'Mercy And Love'." The "Angels" album also has some great ballads like "One In A Lifetime Lady" and "My Kind of Lady" that may place HUBERT TEMBA in the category of James Blunt of "You're Beautiful" fame. "One In A Lifetime Lady" and "My Kind Of Lady" will definitely make a lot of women happy, observers believe. In a modern world where women feel unsafe and lots of women get stuck with bills when their estranged male lovers take off leaving them with a lot of bills which only pile up because the guys are no longer paying child support, these songs could be the trumpet sounds heart-broken women have been waiting for. And the make-any-girl-happy song "You're The Girl (To Whom I Sing Lullabies)" has every capacity to make a lot of girls whether young or older, moan, gasp, cry or scream for joy or more anywhere on this planet where English is spoken and songs in English can be understood and felt. It is because HUBERT TEMBA knows what emotions most people in the whole world go through. And he knows very well how to walk in their shoes. Former Fulbright Scholar, HUBERT BALTHAZAR TEMBA, was born on the slopes of Mt. Kilimanjaro, the 7th highest mountain on earth, on the north-eastern part of Tanzania, very close to the Indian Ocean.
