Combination of soft rock and country 16 MP3 Songs EASY LISTENING: Soft Rock, COUNTRY: Country  
Pop Details: My friends call me the singing nurse. When I'm not recording my music I work in the emergency room as a registered nurse at the county hospital and also fly in the helicopter with Search and Rescue. I have had the great fortune of working with Tim Conway and Harvey Korman the last 5 years opening up for them, singing my original songs, at local venues in California. I've been a singer-songwriter for over 30 years, a restaurant manager for 15 years and a nurse for 6 six years. I have two cats and a goldfish that call me mom. I hope you enjoy my CD, as all the songs were written from real, heartfilled experiences. I'm sure you will be able to relate to at least one of the songs as we all have been through break-ups, first loves, and temptation. Check out my new web site at burnabeat.com. Have a nice day!!
