A musical story of life's daily events and intimate moments. A unique blend of jazz, blues, new age and world beat combined to create this CD. 11 MP3 Songs ELECTRONIC: Soundscapes, JAZZ: World Fusion Details: Malaysian Pale was formed in 1985 by Manfred Saul. Between the years of '85-'86, Malaysian Pale was asked to perform concerts for local radio stations. But, as a one-man band, this was somewhat difficult. So, Manfred incorporated several musicians to comprise a group. In 1987, Malaysian Pale released "Natures Fantasies" (Fortuna Records; available at cdnow.com, Amazon.com, and Buynow.com). This album hit the top 10 on the United State's west coast, in the New Age category. Now, Malaysian Pale is back to its founding roots; Manfred Saul is Malaysian Pale. Featured on the new project, "No Boundaries", are guest appearances by various artists. DESCRIPTION: From the artist: Musical inspiration comes from many different venues: a simple rhythm, lush synth sounds, life's experiences, musical preferences, and even one's private moments-be they happy, sad or simply reflective. The music on this CD was inspired by each of these nuances. My way of capturing these moods is to entwine various styles of music. "No Boundaries" is a musical story of life's daily events and intimate moments. My hope is that these tone poems will evoke feelings in you similar to those that inspired me to write them.
