He had a troublesome child hood and started writing rhymes and making beats when he was 11. Misolanius put out "what these eyes have seen," in 2002, it reflected his life at the time. The album is full of passionately deep revolutionary lyrics, over rugged beats. Miso makes music to release lifes frustrations, joys, sadness, lonleyness, anger, excitemant and so on. He is currently working on a new album which should be out in 2005. Ya'll need to keep a close eye on Misolanius,he is a poetic medic and a revolutionary put on this planet to make a change, not only in hip hop but in society itself so show some support for real qualitiy hip hop, because this cd is going to be a collectors idem some day. Peace to those who keep it real!!!
