An eclectic mix of down tempo electronic music that is a mixture of various genres: Deep House, Jazz, Hip Hop and Detroit-style Techno. 12 MP3 Songs ELECTRONIC: Down Tempo, ELECTRONIC: House  
Details: People who understand and appreciate Techno music, are probably familiar with how Detroit continues to play a major role in shaping this genre of music around the world. Thanks in part to Juan Atkins, Kevin Saunderson and Derrick May, Detroit DJ/ producer Reggie Dokes has had plenty of inspiration to draw from. Having created his own imprint called Psychostasia Recordings, the fledgling label has received international attention from various electronic music magazines like XLR8R and DJ Mag. Although most of his productions can be found on vinyl, he has taken it to the next level and released his first full-length CD album, which is receiving positive reviews in Japan. Although Djing is his first love, which has taken him as far as Europe, his latest passion has become producing. If you have an appreciation for down tempo electronic music that touches areas of jazz, Detroit-style techno and Deep House, then you will like this album from a Detroit based producer, that is making his mark on the world.
