

Mp3 Sabine - The Bigger Picture

[DOWNLOAD HERE](#)

Uplifting, fresh, and inspiring music with a positive message, that touches your heart and opens your mind. 9 MP3 Songs FOLK: Folk Pop, POP: Folk Pop Details: Sabine was born and raised in Germany where her love for music began. For Sabine, music was always a big part of life. She started out singing and playing guitar with a local Folk Group and then went on to be the lead singer for the pop group Silver Rain where she performed throughout northern Germany. Her passions for theater lead her to continuing her education at a private theater school in Hamburg, Germany. Trained as professional actress and singer she took engagements with several theaters throughout Europe, but her singing talent lead her into the world of musical theater which in the 1980s was just taking off in Germany. Among the many roles Sabine played, her most memorable was that of Madame Thenardier in Les Misrable, at the Raimund Theater in Vienna, Austria. In 1994 she and her husband moved to Fredericksburg, VA. Together they founded M&S Studio of the Performing Arts. Both instructed thousands of students over the years and passed on their love and passion for theater to a new generation. M&S Studio has grown to hundreds of students and a great number of staff members, which allowed Sabine to pursue her passion as singer/songwriter. In 1999 she accepted the position as Music Director at Unity Church of Fredericksburg in which she served for over 6 years. The combination of her for musical talent and her spiritual growth lead to a series of musical compositions that she was inspired to write for some of the church services. Ever since she began writing songs, more and more people came up to her wanting to hear more or asking for a CD to take home. Finally in January 2006 she took a trip to Nashville, Tennessee to record her first CD with the title The Bigger Picture. Sabine combines her skills as a performer and her fresh, new and inspiring music to create performances that captures audiences touches their hearts and opens their minds. Sabine looks forward to share her music with many new friends across the country and

around the world.
