Solo concert harp, improvisation. This music is (like tone poems) full of stories, images & landscapes. Poignant, clear, deep. 9 MP3 Songs in this album (55:31) ! Related styles: NEW AGE: Meditation, NEW AGE: Healing Details: The family Soul is an energy that operates deep in the unconscious mind. It contains up to seven generations of the family. The desire for balance and completeness as a group is held within the family memory. What has come before deeply affects all the living members. When the healing in the Soul group is done, everyone feels it, and there is a deep peace that they enter into. Love flows throughout the room as I began to play the harp, unlocking the most subtle energies. The melodies nurture, helping to complete the work of healing and release and go out into the lives of the family members. This music tracks the movement of the Soul. Alana is an international teacher, sound consultant, researcher and author, fluent in a variety of music disciplines and classically trained in piano and harp. She has studied with leading pioneers in music and consciousness and subtle energy healing, evolving her own work in the field of Music Medicine. I invite you to embrace your journey with tenderness, patience and love. I dedicate this music to the peaceful evolution of the families on the earth.
