Here are some serious, silly and romantic songs including some instrumentals that will make you laugh, smile or think by Art Paul Schlosser the Ambassador of State street 33 MP3 Songs COUNTRY: Country Folk, BLUES: Folk-Blues Details: A long time ago I recorded lots of songs and released them all on cassette tapes and some people bought some but then the CD was invented. So at first I put some of the cassette tapes on CD but continued to record and put most of it on cassette tape. Unfortunately cassette tape players slowly but surely have been going out of style starting with the CD player and then eventually replacing the the cassette player in the car with CD players and now I bet iplayers. So reality hit me in the face this year 2007 and I decided I should deal with all the extra cassette tapes so I made a decision to first put them on CD with the help Robert W Monthey my friend who is real good at helping me with technical things like this. Then through CD Baby I plan on putting them on Apple iTunes. This CD here is one of the ones that was taken from cassette and put on CD. So this year as I have been putting these cassette tapes onto CDs I have been sending out the cassette tapes to people as gifts and selling them really cheap to people on State street. It has been fun ! So I hope you like these songs but though they are new because they are now really available to the public they really aren't my newest songs because I recorded them back in 1994 95. So please check them out and see if they still speak today and if I touch your life thanks because that is what I wrote the songs to do.
