Sounds like the Wallflowers with a slight Celtic overtone and Suzanne Vega singing. 9 MP3 Songs POP: California Pop, POP: Folkly Pop Details: Digby Wallace is a five piece recording group. The music is alternative pop that sounds somewhat like The Wallflowers with a slight Celtic overtone and Suzanne Vega singing. The instrumental foundation for all the songs is piccolo bass which sounds like an electric cello. In fact, all guitar sounds, except the solos, are piccolo bass. Piano, bass, drums, electric guitar and flute fill out the rest of the instrumentation. The velvet-bullet vocals of Kim Lawrence provide the lyric and melodic sound of Digby Wallace. I'm very impressed with this band. This is a very well developed sound and is very appealing on a number of levels. The voice is clean, clear and emotional. Players are all very strong and feel good together. Open Bar - Make A Star .com "a truly excellent 'n unique pop release - VERY good!!" LordLitter, LordLitter RadioShow (Berlin and Europe) All the performances are solid and everyone shows great pop sensibilities. The lead vocal has tons of charm and personality. The performance has great energy and sparkle. I think as a band (they) have a lot of marketability. Rhino - Make A Star.com
