If you are one that desires to move higher in the things of God, Move with us into another dimension. 15 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: INTO ANOTHER DIMENSION featuring Dr. M. R. Weaver SANCTION will move you not only to another level but to Another Dimension. Dr. Mable R. Weaver is the pastor and founder of Seed Time Harvest Fellowship, Inc. Durham, North Carolina. She is known by many as "The Preaching Machine" and she thought that we should share this message all over the world. Elder Wm. "Bill" Daniels, our song writer, and his wife and business partner, Florizell Daniels made an appointment to meet with her about doing a Gospel CD with some of the songs he had written. This was definately a conformation from God because before we could present our plan to her, she asked us about doing the same. For years, She had been preaching and teaching about going higher in the things of God. She formed the slogan "NO MORE CHURCH AS USUAL" and placed it over the church door. Before you enter the church, you know already that this may not be your usual service. We're asking God to move to us Another Dimension. We formed a group of some of our best singers and began to rehearse the songs as they were presented by Bill Daniels. Dr. Weaver named the group "SANCTION" because she wanted us to be different. Darrell Daniels, our music director, arranger, and co- producer, took the songs and arranged beautiful music around each one. Track # 12 was written by Bill Flo Daniels and dedicated to the troops that are fighting and have fought for our country. We received great reviews from those who have critiqued our project including the # 1 A R company,Taxi. We pray that you will open your hearts and ears and hear what we have to say through songs. God loves you and we do toooooo!
