Details: Welcome to the Parallel, as we begin Unfolding The Universe with Hidden Agenda, based in Houston, Texas and performing since 1997. In this independent release, their fourth and most ambitious project to date, the band under the direction of its founder Frankie Lewis and longtime bandmates Roxy Niles on bass and Alan Weiner on drums, delivers a project based around the concept of a multi dimensional universe unfolding before our eyes. The centerpiece of this "Universe on CD" is the beautiful voice of Hidden Agenda's lead vocalist Elisha Jordan. Elisha also co-wrote the title track "Unfolding The Universe" and the featured single "Invincible", and plays the sax solo on the single "Point Of View". Her spectacular vocals have made her a favorite on YouTube.com, and in 2007 took her all the way to the finals in Capital Records Road To Nashville competition. Frankie Lewis aka Frank Louis Moore, a Houston-based songwriter-musician, has had numerous independent releases, one of which, "Solitairy Soul", is available thru CD Baby and popular online services. He also had the opportunity to play his originals at the Houston International Festival in 2006 and at numerous festivals and club venues in the Houston area. The foundation of this project began after Frankie Lewis teamed up with Elisha a few years ago. After going through several concepts, the one that seemed to weave all the pieces together was the mystery of our own universe. Join us in this musical journey, drop us a line, enjoy!
