Electro funk hop 13 MP3 Songs ELECTRONIC: Funk, ELECTRONIC: IDM Show all album songs:
Ecstatic Everywhere Songs Details: Some have called it electro-funk-hop, others IDM fusion. Basically we're a band that employs standard instruments (keys, samplers, basses, drums and guitar) in non-standard ways. We keep floors moving and avid listeners moved at live shows. Our grooves are copiously influenced by electronic genres such as D&B, turntable and breakbeat hip-hop, and IDM all put together with an ear for arrangements. Infradig will move you in many ways and directions. This music is not about showing off bad ass skillz or striking cool poses. It is about being human: human in all its seriousness, complexity and silliness. Themes arise from seeming chaos and patterns disintegrate and reform to tell a slightly different story until it sounds like a new song.
