

Mp3 Jeremy Platt - Something About (blue Skies)

[DOWNLOAD HERE](#)

After contributing to Frank Felix's highly acclaimed Tales from the Funky Underground Vol 1, multi-instrumentalist Jeremy Platt delivers a surprising melting pot of pop, soul, and funk which is full of beautiful vocal harmonies. 9 MP3 songs in this album (44:12)! Related styles: URBAN/R&B: R&B Pop Crossover, JAZZ: Jazz-Funk People who are interested in The Isley Brothers should consider this download. Details: After contributing to Frank Felix's highly acclaimed Tales from the Funky Underground alongside renowned saxophone player Snake Davis and former Prince sideman Eddie M, as well as working with some of the biggest names in British Jazz, it might be expected that multi-instrumentalist Jeremy Platt would have produced something similar for his solo release. Instead he went away and wrote 9 songs about happiness and loss and recorded them by endlessly multitracking vocal harmonies and playing drums in a shed. The result is (Something About) Blue Skies, a melting pot of pop, soul, and funk, which moves effortlessly across genres. Full of beautiful vocal harmonies and musicianship, the album bears the influence of artists as diverse as Steve Wonder, the Isley Brothers, and Horace Andy whilst moving effortlessly across genres.
