Collection of modern club based electronic music with a 90s energising feel to lose yourself for a while as the world speeds on ahead. 13 MP3 Songs ELECTRONIC: Electro, ELECTRONIC: Ambient Details: The album "Two Years And More" began life as a idea of mine back in 2005.Erasure had just released a Digimpro software package where by you downloaded from the single which was "Breath" and created your own track.Vocals bass chorus beats, all seperated for you to rebuild the track as you wanted.I thought this was great, and created several new versions myself.Then they gave you the option to send your mix into the website under treasure/fan mixes which i did!! then decided to get into the world of making my own music which i did to the point i began piano classes something ive always wanted to learn and find out which software works and gets best results,which ive done.The music i love is 80s growing up then was great after punk which i was a little to young for came new romantics, Duran Duran,Depeche Mode,Yazoo,Soft Cell,Howard Jones,and Erasure.The music was electric and seemed so real!My album "Two Years And More" is a mix of club sound and electric energy which i believe is real!and takes you away for a while whilst the world speeds on ahead.This is my first album and i have also completed a ep called "November Nights" a nine track collection of remixed tracks taken from the album which will be available soon,many thx LF People who are interested in The Chemical Brothers Chicane should consider this download.
