Residue merges deep tribal/progressive dance with intimate minimalist play soundscape auras. 13 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: House Details: DJ/producer M.Arana releases his first full length album bridging the gap between the big room, dark progressive dance and what is best described as bedroom aura. Recutting and remixing much of what he plays along with his unique productions; M.Arana is creating a fresh soundtrack of dark tribal and progressive sounds for each of his live events. While staying focused on continuity, he does enjoy being playful and admits that when he creates his "aura", he loves to weave in subtle components that occur on an almost subliminal level.
