Details: The MrBear sound is a Big salad bar mixture of ambient chillout, IDM bleeps n bleeps, upbeat electro, andhell, i dunno, go have a listen, you tell me!!!. Mr.Bear started around 2003 ish...Back then, i wasnt doing live work, just me, in a room, with a PC and a yamaha DX7....I did my first show at the Three Tuns Hotel, in Thirsk, North Yorkshire, on a fifty quid toshiba laptop in about 2004. I have played in various punk and ska bands from around 1996 onwards, including The Write-offs (bass), The Dead Pets, (keys) and Bosseye (bass again). My most recent collaboration has been a busking duo, with my good freind Chris Smith (Captain Hotknives), known as 'Pianobong'... MOOZIX is the first full length Mr Bear album to be released.. My good buddies in Hull, Tegleg records, have put one of my tunes on their fantastic double album, 'Sponic Mesh 2', Which is available from cdbaby.... I currently reside in Austin, Texas, USA, where i am making a proper nuisance of myself.....
