

# Mp3 Polly Moller - Taste The Wall

[DOWNLOAD HERE](#)

Polly Moller's debut album unites spoken words, commando flute playing, clattering rhythm sections, and atmospheric backgrounds. 8 MP3 Songs ROCK: Psychedelic, SPOKEN WORD: With Music Details: She names Robert Dick, the Edge, Stewart Copeland, Kate Bush, and others as her influences but these streams of inspiration don't really help to describe Polly Moller. The San Francisco Bay Area performance artist has been variously admired as a beat poet, virtuoso flutist, and mystical avant-pop songwriter whose path through music merged with her path through life. A voracious reader of Celtic myth and the mysticisms of many lands, she juxtaposes the ancient world with the modern world through songwriting, integrating the words and inspiration of the past with the musical forms of the century's turn.
