It's made up of 5 original songs and 4 of my favorite cover tunes. 9 MP3 Songs COUNTRY: Traditional Country, COUNTRY: Modern Country Details: Two Number One Independent Songs in the USA off this album "DESERT GOLD" hits # 1 in September 2004 "WHAT DO YOU WANT FROM ME" hits # 4 in December 2004 "PRIDE AND JOY" hits # 1 in January 2005 Born in Cincinnati, Ohio, but grew up in Phoenix, Arizona I have been playing music for over 30 years. I started out in Grade school learning the basics of music, playing alto saxophone in the school band. I took up guitar at the age of 15 and was working in bar bands by the time I was 17.(not even old enough to be in a bar:) I have traveled with bands all over the USA and now I do a Solo act in Cave Creek, Az and I am focusing on being a Successful songwriter. Two of the tracks off this CD have been published by Rick Carbone Music and are being promoted on a compilation CD in the USA, Canada, and Europe on Empty Sky Records out of New York, in conjunction with EHK music. I am also affiliated with BMI The song "Desert Gold" seems to be doing quite well in the European market for independent country songs, and for Sept, 2004, it moved all the way up to #1 on the independent country song charts in the USA. The other song that was published and is being promoted is "What Do You Want From Me", it is also getting some air play in the European country market and in the USA it was at #4 for Dec, 2004 on the independent song charts. I am in the process of writing songs for my second CD that hopefully will be out sometime later this year. It will be 10 brand new original songs written and produced by me. I have begun recording and I am very excited about the progress of these new songs.
