JAZZ, FUSION JAZZ, EXPERIMENTAL JAZZ, THIRD STREAM CLASSICAL 9 MP3 Songs JAZZ: Jazz Fusion, JAZZ: Free Jazz Details: As the story goes, I found this pianist on a street corner in New York City, and I did ask him if he could improvise, etc. His reply was yes. So I brought him into the studio where I had been working, sat him down, pressed the record button in the booth, and this is the result. All other instruments on the CD were added. As of the moment, I have never seen or heard of the pianist again. What a loss for me, and a gain for you.
