

Human Centric Technology And Service In Smart Space

[DOWNLOAD HERE](#)

The theme of HumanCom is focused on the various aspects of human-centric computing for advances in computer science and its applications and provides an opportunity for academic and industry professionals to discuss the latest issues and progress in the area of human-centric computing. In addition, the conference will publish high quality papers which are closely related to the various theories and practical applications in human-centric computing. Furthermore, we expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject. EAN/ISBN : 9789400750869 Publisher(s): Springer, Berlin, Springer Netherlands Format: ePub/PDF Author(s): Park, James J. - Jin, Qun - Sang-soo Yeo, Martin
