

Maimonides In His World - Sarah Stroumsa

While the great medieval philosopher, theologian, and physician Maimonides is acknowledged as a leading Jewish thinker, his intellectual contacts with his surrounding world are often described as related primarily to Islamic philosophy. *Maimonides in His World* challenges this view by revealing him to have wholeheartedly lived, breathed, and espoused the rich Mediterranean culture of his time. Sarah Stroumsa argues that Maimonides is most accurately viewed as a Mediterranean thinker who consistently interpreted his own Jewish tradition in contemporary multicultural terms. Maimonides spent his entire life in the Mediterranean region, and the religious and philosophical traditions that fed his thought were those of the wider world in which he lived. Stroumsa demonstrates that he was deeply influenced not only by Islamic philosophy but by Islamic culture as a whole, evidence of which she finds in his philosophy as well as his correspondence and legal and scientific writings. She begins with a concise biography of Maimonides, then carefully examines key aspects of his thought, including his approach to religion and the complex world of theology and religious ideas he encountered among Jews, Christians, Muslims, and even heretics; his views about science; the immense and unacknowledged impact of the Almohads on his

thought; and his vision of human perfection. This insightful cultural biography restores Maimonides to his rightful place among medieval philosophers and affirms his central relevance to the study of medieval Islam.
