Gospel, R&B, hip-hop 22 MP3 Songs GOSPEL: Contemporary Gospel, URBAN/R&B: Soul Details: David Miller's album is strictly from the word of God. This second album keeps the quality level high, mixing equal parts contemporary Gospel, Rhythm and Blues, and hip-hop to good effect. David's voice has noticeably matured over the years. This album provides more of a modern hip-hop/street-edge in You Got it and I wont complain. He continues to uplift others with his testimony of deliverance from what we call everyday struggles in songs such as Show me the way, "Here I am" and Day by Day. Having said that, David Miller remains the essential musical starting point, as there's little here that matches the anointing of "Nothing without YOU" or "My Love for YOU." For those who want to hear the sound of an artist growing up, David Miller is required listening.
