INDUSTRIAL-TECHNO LACED WITH SPEED METAL RIFF-LOOPS AND STABBING CYBER-PUNK SYNTH LINES - FAST'N'DARK ELEKTRONICA 14 MP3 Songs ELECTRONIC: Industrial, ELECTRONIC:

Techno Details: "DerDRAKOS is a father-son duo - S.J.DRAKOS and ALEX DRAKOS - who play minimalist gabber techno laced with speed metal riff-loops and stabbing cyber-punk synth lines.

DerDRAKOS also features the awesomely heavy-accented vox of SuzyMG: I want your blood, give me your blood! she hisses, over a skeletal motorbike beat, and you can almost see the army of desperately beautiful Euro-goddesses in red leather motorcross suits with Frankenstein bolts in their necks marching in step to DerDRAKOS military sexbeats as Suzy cracks her whips and laughs and commands them to Kill, kill, kill! Its some serious business, Jack. Best of the bunch for the sheer berserk imagery has gotta be Dictator Girls Rule (My senses will be satisfied!), but the most over-the-top sub-woofer killer is the head-spinning Power of Hate Mix, which sounds like several angry machines fucking each other into submission. Time To Fight and Joy Thru Fury are both pretty boss, too. The whole record is nothin but wild beast throb, really. Sorta like DAF tanze-Mussolini Headkick with porn connections. If youre looking for something that sounds like a murder scene that you can dance to, then Eureka, youve found it. Man, they have way more fun in Europe!!" Sleazegrinder, USA "The planet is looking more and more like the madhouse in the movie "One Flew over the Cuckoo's Nest", where every single thing is controlled by a horrible 'Goodness'. Our answer is LUST FOR CHAOS!!" -DerDRAKOS "DerDRAKOS HAVE BEEN FOUNDED IN 2005 BY YOUNG ALEX DRAKOS (WHO WAS BORN WITH A PLAYSTATION AND KEYBOARDS IN HIS HANDS) IN LEAGUE WITH HIS FATHER S.J.DRAKOS (A PUNK-ROCK BASS'N'GUITAR PLAYER, HOT GIRLS PHOTOGRAPHER, WRITER), BOTH SHARING A FIERCE PASSION FOR ELECTRONIC MUSIC TRACKS AND FOR HAMMERING SUBWOOFERS"

"HAMMERING ELECTRONIC MUSIC WITH METAL/INDUSTRIAL LINES AND DARK LYRICAL VOCALS. "Unsere Musik ist dionysisch: Vitale Stärke durch Technologie; amoralisch, gleichgültig, unpolitisch, diabolisch. Wir hassen alles, was den verdammten Geschmack des 'Guten' an sich hat. Wir bevorzugen Kraft und berlegene Ästhetik aus unseren natürlichen Instinkten heraus". "Dieser Planet wirkt mehr und mehr wie die Irrenanstalt im Film "Einer flog über's Kuckucksnest", wo es das furchteinflussende 'Gute' ist, das jedes einzelne Detail kontrolliert. Unsere Antwort: LUST AUF CHAOS!" DerDRAKOS.net
