Details: Don is a singer/ songwriter who has been performing for over 10 years. Having released his first solo CD in October 2006 titled Change Your Life (Nominated for 5 Aboriginal Peoples Choice Music Awards 2007) Don is now looking to put the music to work. Change your life is more than just a CD, it's a vision to which Don is hoping his listeners will be drawn. In a day and age where we can literally watch this world slip into a state where we no longer have the power to change our wrongs, Dons hope is that through his music, the listener will be inspired to take better care of themselves and the world we live in. Hes young. Hes cool. Hes bringing something new that both todays and yesterdays generations can relate to! Don Amero's spirit shines through his music like a beacon. Keep your eye on this up and comer.

- Heather Bishop, Singer/Songwriter "Don Amero is a triple threat talent in the Canadian Roots Music Scene as a songwriter, guitarist and a singer. His Aboriginal roots come through in his music but most importantly, his sheer talent shines through even more. He was an absolute pleasure to have at Musicfest as a person and musician and I can't recommend him enough." - Doug Cox, Executive Producer

Vancouver Island Musicfest Singer/songwriter Amero is an optimist who believes in the power of music to change the world, or if not the world, at least your life. On his 10-song debut Amero turns his gaze towards Winnipeg (Hometown), his parents (Protection) and offers up an action plan for global affairs (Help This world). With only an acoustic guitar as accompaniment on most songs, Amero paints stark melodic portraits that almost contradict his lyrical themes. But even though the simple chords can be bleak, the vibe remains positive. 3 stars out of 5 - Rob Williams, The Winnipeg Free Press
