

Mp3 Left Of You - Waking The Angels

[DOWNLOAD HERE](#)

Straight-up rock with a West Coast flavor. 11 MP3 Songs ROCK: Modern Rock, ROCK: Hard Rock

Details: On paper this band sucks. Take a hard rocker from Wisconsin, a pop punk guy from Southern California and an indie fellow from the North of England and you'd expect to hear Morrissey with tattoos and an eyebrow piercing doing a cover of 'For Whom the Bell Tolls'. But somehow this up-and-coming LA three piece makes it work. Catch their first release 'Waking The Angels', straight-up rock, Hollywood style.
