Honorable Mention award at the 2007 Song Of The Year Awards. With his powerful lyrics and bluesy vocals, Neville K is your leader of the new world of music. Here is a true underdog story: a complete unknown who became famous for being unknown, leading a musical revolution of people (unknowingly) devoted to real song and the freedom of truth. His fans are unknown, his minions unknown, his music unknown, his arrival unknown. Those who do know his music and truly believe are unknown. Neville K was unknowingly the featured artist on Fox Fms In The Deep End on Sunday 3rd April 2005 and has been played, tied up and interviewed on community radio stations in Australia such as Vega Fm, FBI Sydney, RRR and 8ccc Fm. He has played and been chained up at the Blue Palms Caf in Los Angeles, The Miller and Bullet Bar In London, The Hard Rock Caf, PBS Festival Of Song and too many dives around Melbourne and Sydney to remember. Nobody can confirm these.... but some people know the truth. Neville K has a huge unknown presence on the net with some Google pages devoted to everything Neville K (Search for Neville Klotz).
