A diverse style of folk-rock with soft passionate pop and a little jazzy flavor. Elements of Mae Moore, Juice Newton, Carly Simon, Carole King and even a touch of Madonna. 10 MP3 Songs EASY LISTENING: Soft Rock, FOLK: Folk Pop Details: Carly the Gypsy Butterfly : Diversity... Now The Gypsy Butterfly is a free spirited, inspirational soul (originally) from Penticton, BC, Canada. The singer/songwriter and public speaker has developed a sound that rings true to the heart - bringing a message of light, love and healing. Her new album, Diversity... Now, is just that. The musical styles range from soft rock and easy listening, to modern folk, intertwined with flavors of pop and inspirational roots. She sings with an angelic voice direct from her passionate heart, to the ear of anyone who has seen pain, struggle and even tragedy. Her desire is to inspire true healing within and to help you discover your real passion in life - the 'real you' - and have the courage to go out and get it. Her motto is to "just be yourself". Carly sings from experience. Personal growth has been a lifetime staple on the Gypsy Butterfly's path. Her words will awaken your mind, challenge your thoughts and illuminate the dark corners within. Songs like My Child, Wind Whispers, and Open Your Soul will speak to your heart, while others like Mask and Mistake are lessons to learn. Her signature song, Friends Forever is an ongoing crowd favorite that will inspire, captivate and induce emotions that most of us keep dormant. The Gypsy Butterfly's music will most certainly move you. Her beauty is both outward and within, her voice is gentle but confident, and her message is love. "We discovered the truth in us - we were set free to fly. Spread our wings as eagles and soar to the sky..." from the song Friends Forever.
