This music has been described as "...a cross between Erasure and Mozart...", "...melodic and lyrical..." and is intended to be uplifting in spirit and mind, inspiring YOU to be creative and thought-FULL. In short, STRESSLESS music! It is the PERFECT companion for the drive to and from work, hear track 1 "No Rage At Rush Hour", with friends while sharing your favorite cocktails, hear track 8 "Home From The Daily Grind", or maybe you are in the mood for a moment of introspection and self-awareness, hear track 9 "Nanine's Bridge". The compilation, in whole, is dancy, jazzy and screams CLEAN YOUR HOUSE NAKED!... The music was conceived and composed on a Yamaha MotifES8 synthesizer with a HUMAN TOUCH...electronica personified. Instrumental, each selection was brought to bare through personal ideas and inspirations. With a few following exceptions, you will be spared the details!... TRYmixemALL is about YOU discovering YOUR OWN visualizations, having YOUR OWN experiences and YOUR OWN feelgood moments that connect with the music... That said, it is worth mentioning where the ideas came from on a couple of the songs. The title track, hear track 5 "You MOWED My Grass Without ASKIN'!", tells the TRUE story about my dear friend Nanine. Her love for nature and hatred for ignorance is TRULY INSPIRING. The story goes: she and her husband, Tony, come to the island one day to find that a beach lot they own has been mowed...WITHOUT their consent! Nanine is VERY unhappy about this, as the natural beauty of the seashore has been disturbed. She goes to the suspected culprit and voices her displeasure and disdain. An argument ensues and culminates with

a few fatal gunshots from Nanine (okay, the ONLY part of the story which is NOT true...creative license!). Finally...she finds PEACE... "Ripper", hear track 3, is a musical description of a certain Doberman pinscher i know, of the same name. It is AMAZING how sneaky and stealth-like this dog can be, while at the SAME time, he is a big, slobbering BUFFOON that hits the floor with a ka-THUD. Oh yeah, did i mention he's a little GASSY, too?!?!... We've ALL had the moment when something \*clicked\*, right? The moment when the voice within tells us to go in another direction other than the one we are traveling. Unsure of the destination, the EXCITEMENT of NEW beginnings with untold endings spurs our journey forward...thank you, Nanine (once again!) for "Nanine's Bridge"... Now, GET NAKED and CLEAN HOUSE!!!
