Reviews - The "Extended Dimensions" Collection, written superbly by White, in a performance cleverly interpreted, that the listener can share the emotions of lost love, happiness and fulfillment with the artist, and the musical mood and lyrical content with the writer. - Shirely I. Thigpen. Upon several listenings of Ymistye White's collection, "The Extended Dimensions Collection," my mind was open to something new, unique, and beautiful. An honest-to-goodness, down to earth grassroots production that deserves to be heard. These are meaningful lyrics. There is an inner beauty and passion found in only the best of songs." - Ron Wallace
