Scissoring Domme This slave is brought before his Domme. She wears large black, shiny boots, which she makes lick and worship before laying him on the floor for some asstastic, brutal, face sitting. When the Domme bores of that she begins to once again torture the helpless slave with her boots. After being bound even tighter by the arms, the slave is then finally used as this domme's squeeze toy. Head and neck scissors, teasing, taunting, forced ass worship, face sitting, trampling, and foot domination included!
