Luggage can be an over-looked niche because people don't stop to think that most every one has luggage or needs luggage. It's one of those things that we don't think about until it's needed. Every one that travels either abroad or even local needs something to put their clothes in. Even moving requires a container for ones clothing. Here is your golden opportunity to cash in on the luggage product line. Even better is the fact that luggage can have some higher price tags, which can mean larger commission checks for you!
