Acoustic pop meets mild panic rock, soft and pleasant on the outside but strangely unstable, volatile and sticky inside. 10 MP3 Songs POP: British Pop, POP: Quirky Details: Heartburst is our third CD and is another product of John Barclay and Alison Hutton working along with Martin Freitag. Ali on vocals, John on guitars and Martin on all the studio trickery needed to bring it all together. The track "dancing" was recently featured as "download of the week" (7th November) in the Sunday Newspaper "Scotland on Sunday" via their provider AYE TUNES. Did we say it's an emotional camera? Did we say it's a masterpiece? Did we say it's like being hit on the back of the head by a wet fish? Did we whole heartedly recommend it to you? Did we say it will change your life? Did we say it has changed our lives? Did you see us play live? Did we ask you to write a review of it? Did we ask you for money? Did we record this under the influence of influences? Did we scratch out itchy bits? Did we explain string theory to you clearly? Did we mention our special offer? Did we do anything special on our holidays? Did we do a little Hoovering and dusting? Didn't you say you'd invite us around for a little supper? Contact them: FLAT F, INCHGARVIE HOUSE, SOUTH QUEENSFERRY, EDINBURGH, SCOTLAND, UK, EH30 9SJ. Home Tel: +44 131 331 4753.
