Singer/Songwriter folk with a conscience. This first album chronicles 15 years of writing and recording. It's dedicated to friends, loved ones and former loved ones who inspired it. 19 MP3 Songs FOLK: Modern Folk, ROCK: Folk Rock Details: I'm not sure why I write these songs. I used to keep a journal. Perhaps songwriting took its place. But, these words, scratched down over the past 15-plus years and recorded over the past ten years, in some ways chronicle the journey. There are others, too. The journey isn't finished. There are important themes running through them. Fast, sure friendship is the first. Good friends will see you through a lot of trouble. Love and lost love is another recurring thread. Did I mention trouble? Some songs speak of freedom, both personal and political. Finally, there is the struggle with faith and doubt. Yeah, there are a few songs I didn't write. But, I liked them, and they fit. So, if you write songs, they are meant to be sung. There are better singers, and there are better musicians. But, you get me instead. After all, it's not about the singer. It's about the songs.
