A blend of gentle contemporary sounds and easy folk, highlighted by the extraordinary guitars of Darren Prater and Gary Savelli. 7 MP3 Songs GOSPEL: Country Gospel, GOSPEL: Contemporary Gospel
Details: Pastor John and the saints who meet in his home are non-Christian servants of the Lord Jesus Christ. That is one reason it is so difficult to describe the music that they produce. This non-Christian music brings glory to the Father and His Son Jesus. It also builds faith and wisdom in those who hear it. It is gospel music as it should be. Jesus gave Pastor John three of these songs on this CD in dreams: Though Your Sins Be As Scarlet, Jimmy's Song, and I Didn't Know. You will feel that this is true when you hear the songs. In the little booklet included with the CD, the remarkable histories of these presents from the Lord Jesus is included, along with the words to each song. It is our hope that what we have done here will bring you closer to the heart of God, through Jesus the Lord. If the songs that you hear on this CD touch your heart, please let us know. Pastor John can be reached through his web site: PastorJohnsHouse.com. Enjoy the songs that have been given to us from heaven. They can take you places that you may have never been, to feel and to understand things that you may never have felt or known.
