Stories about slipping through the cracks in life wrapped in comforting melodies. Haunting, reflective Americana-folk breed that reaches a little further inside the heart. 12 MP3 Songs FOLK: Gentle, ROCK: Americana Details: "The Garden Below" is the third album created by the Upstate New York band knotworking. The band entered the studios of Neveesa Productions in Woodstock, NY in November 2002 to begin working on this record. This is the first studio project completed by the members of knotworking who normally retreat to the basements and attics of their homes to record.
