80s pop and classic rock (My own unique style as always, very original). Music is Dynamic, Energetic Melting. Lyrics are what we all feel think but never dare talk about. 15 MP3 Songs POP: 80's Pop, ROCK: Americana Show all album songs: With Friends 4 Ever Songs Details: This CD is a concept CD like all my CD's. This CD is about life being on the road playing music for 15 years. Like all my music/Lyrics I sing say things that most of us feel but do not talk about. This music will move you no matter what your preference is in any type of music. Starting off 2008 I have put 19 CD's together that are basically my life's story experiences in the music business, life, love, spirituality, political, quantum physic's. Although this is about my life everyone will connect most of these songs with their own life experiences at some level. My lyrics say all those things we think feel but never talk about. The music is a combination of Rock-Alt Indie-Emo-Classic Rock-Alt Americana-Alt Folk-Alt Punk-Love songs-Alt country-Alt Urban most raw edgy with a Straight forward attitude telling it like it is. All 19 CD's have a theme in the lyrics some of the CD titles are riddles to figure out. I have also since the age of 18, been Playing, Recording, Writing Producing some of the biggest names in music some you have never heard of in most cases the least known talents we're the best I worked with. I write, sing, play Guitar, Bass, Keys, Drums Produce all my music. Instead of beating around the bush I come right out tell it like it is. My music is aggressive, dramatic, offensive, to the point, delicate, about love anger or just plain love, etc.. You can listen to all songs buy by the CD or you can buy by the song on many sites one being I-Tunes. You will be able to buy in some stores but I do not know which ones. Check it out and if my music doesn't change your life....you can keep the one you've got. At the age of 16 thrust into the music business because of my guitar playing ability all I wanted to do was play write music. But it was the other part of the music business that tore me up. After being chewed up spit out a million times I

retreated to the WY hills to write music sing shout BLEED thru my Guitar/Bass/Keys/ Drumming about life, injustice, love loss, Quantum Physics, Spirituality, etc.. All those things we hold deep inside of us all never let out, well now it's out.
